The deadline for submissions is the 25<sup>th</sup> of the month. This deadline still applies to everyone, even though only the Assistant RE seems to believe it.

The subscription rate is \$15/year. Commercial advertising rates per year are \$250/full page, \$165/half page, \$110/quarter page, and \$75/business card size. Monthly ad rates are annual divided by five.

# From the Editor:

Winter is definitely here in central New York.

"Off season" for some, "silly season" for others, play season for rallyists and ice racers.

The annual banquet is almost here (see info on page 5).

Sadly, this season also marks the passing of John Burgess, long-time SCCA member and resident of our region. Time was too short to put a fitting tribute to him in this issue, but we will have it in the next issue. We'll miss you, John.

Hopefully the next issue will make it to your mailbox a whole heck of a lot sooner than this one did!

Be seeing you,  
-Karl

# Exhaust Pipe Dreams

From the Assistant R.E., Jon Coffin

Whoa!

What's going on? I feel like I just woke up. Was I dreaming? No, I was sleeping. Wait, I was having a nightmare. No, then it drifted to another dream, that's right. I ratted the Rabbit exhaust, but got home, and had another, decent used downpipe which worked! And I was off to Watkins Glen for another day instructing at a high-performance driving school.

Many times at these schools, the last session is for instructors, and especially at the multi-day schools, many people have left by the time of the last session. Imagine, a day at Watkins Glen when it had been raining some, and people are wet and tired, but the track has mostly cleared up, and there's a half-hour left, and nobody is lined up to go out, except me. It's real, WATKINS GLEN IS MINE. I got five or six laps on the track in the Rabbit, alone, the only one out there, driving as fast as I could, just for me. Real, no dream.

Wow!

So, time passes, and we got to do the "enduro" at the Cherry Valley kart track, the challenge of how far can you go in three or four minutes, which on a kart track is a lot of go-go-going, braking, turning, over and over. And I tried something new. I've autocrossed the Rabbit for 25 years, always with the same size tires front and rear. Well, how 'bout smaller rears, than on the front-drive, nose-heavy front? I tried it, and I like it! And I got to try it on a track too! I went to an HPDE event at Shannonville, as a student, with the Saab Club of Canada. I drove the Rabbit up, found my way around a track new to me, received first-rate instruction (including several laps as a passenger in the instructor's Aston Martin Vantage), and drove the Rabbit home. An excellent adventure!

And one more adventure, one more. For the past couple of years, several times, I've paid for an arrive-and-drive program for time trials at Pocono, Lime Rock, New Jersey Motorsports Park, and Summit Point in an (old Renault-powered) SCCA Spec Racer, and it's been a hoot! A little bit faster than my Rabbit, with lap times similar to a good spec Miata, it's worked well for me to show up and somebody else does all the work, and provides a decent car and covers all the

consumables, the fuel, tires and brakes.

But, at some point, we all run out of money. And there was one more event this season just past. The owner of the operation, Charlie Greenhaus (Entropy Racing), needed to get five cars to Summit Point for the last weekend of sprints, enduro, time trials, and needed another truck driver. Hmmm? He asked me, and I bit, and drove his converted ambulance, towing an enclosed car-hauler from Central Pennsylvania down to Summit, and back, and got to run the time trials at a reduced rate. A fair deal for me; am I back to working for my ride? I may be; we gotta keep driving!

With the weather we've been having, can ice be far behind? Dream on.
